Bottle Size	70	lt	Product Name	PIGSKIN SILVER GIN		
Alcohol by Volume	40	%				
Production Area	SARDEGNA, ITALY					
Grapes (if applicable)	N/A					
Colour	Transparent and clear		Alivini Product Code	GIN-CARTA-----01D		
Category	Gin					
Distillation	Pot Still					
Method	The juniper berries are harvested and infused in alcohol for two months. The discontinuous distillation is carried out in copper stills, where the infusion is slowly warmed, and the thermal conditions are kept just above the alcohol evaporation temperature. The obtained distilled liquor is clear, with a high ABV of about 80%. After resting for at least a month to achieve complete homogenisation, the product is bottled after dilution to bring the ABV to 40%.					
Product Picture	Tasting Notes and Pairing					
	Elegant aroma of citrus tree notes and clear recalls of Sardinian spontaneous herbs, immediately conveying freshness and balance. On the palate, it is smooth, fresh, and gently balsamic, with a refined texture that unfolds gradually and confidently. A true London Dry Gin, Pigskin Silver lives up to its name, expressing maturity, experience, and a reassuring sense of harmony. Its aromatic signature is defined by wild fennel, myrtle leaves, juniper, mastic, and Salvia desoleana sage, enriched by subtle spicy nuances of nutmeg, butter, and vanilla, which add depth without overpowering. The result is a composed and elegant gin that invites exploration, perfect for a refined Gin & Tonic or enjoyed neat and smooth, where its calm, assured character can be fully appreciated.
