Maldon Smoked Salt Flakes

Maldon Salt is exclusively produced here in the UK by the Maldon Salt Company.

It is produced by the fractional crystallisation of salt water under carefully controlled conditions thereby retaining valuable sea water trace elements.

Maldon Smoked Salt is cold smoked according to requirements using oak sourced from Forestry Commission accredited timber mills.

It is free from harmful contamination and complies with all the requirements of the Codex Alimentarius and current UK legislation concerning foodstuffs.

Produce of England

Chemical Specification

There is the possibility of slight variations in chemical composition occurring from time to time. All values are calculated using Standard (ISO) test methods.

Property	Units	
Sodium chloride	%	97.9
Potassium	mg/kg	490
Magnesium	mg/kg	440
Calcium	mg/kg	1500
Moisture	%	< 3.0
Sulphate	mg/kg	5200
Iodine	mg/kg	< 5.0

Physical Characteristics

Bulk Density: Typical value 0.5g/cm³

Typical sieve analysis

The crystal size can vary between 0.125mm and 10.00mm.
